

Training

Meramec Regional Planning Commission
#4 Industrial Drive - St. James, Mo 65559

Saturday, April 28 8:00 a.m. - 5:00 p.m.

Sunday, April 29 8:00 a.m. - 5:30 p.m.

Registration Deadline April 20, 2018

This class will provide skills to citizens in your community to perform essential lifesaving functions while waiting for the professional responders to arrive following a disaster. Each class is approximately 16 contact hours and is spread over two days. CERT has become a highly sought after course by citizens groups, corporations and school systems to train employees how to handle emergencies and disasters. Course topics include disaster fire suppression, disaster medical operations, light search and rescue, disaster psychology and team organization.

TRAINING IS OFFERED FREE OF CHARGE

Seating is limited; Priority given to individuals within Homeland Security Region I.

**To register, contact: Anne Freand - MRPC at (573) 265-2993 or
