MRPC Director's Message

Bonnie Prigge

“It takes the whole region to live the good life.”
—William R. Dodge

The good life is here in the Meramec Region. You only need to spend the day at a local park, attend a festival, take a drive in the country, float one of our many streams, do some shopping downtown or visit a local winery to “feel” the good life. The reason that MRPC exists is to enhance that good life. But that is not a job for one organization. It is the work of many, if we are to be successful.

Each year, through our Annual Dinner volunteer awards program, MRPC recognizes a few of the committed, hard-working volunteers who contribute to the betterment of their communities and our region. While we honor a few each year, they represent hundreds of volunteers across our eight-county area.

As MRPC staff, we have the honor of working

with many of these volunteers and their elected officials, who for the most part are also volunteers. I recently attended the ribbon cutting for the Washington County Airport terminal, funded in part by a Delta Regional Authority grant. While the terminal is done, airport board President Gene Smith, who has been on the board for some 25 years and is 90 years young, reminded me that our work is not yet done. We now need to get to work on that much needed runway extension. Even at 90, Gene is engaged; he has a vision; he has enthusiasm and motivation, all for the benefit of his community and the industries that use the Washington County Airport. His work as a volunteer in Washington County continues.

Another event this year brought home Henry Ford’s quote, “Coming together is a beginning; keeping together is progress; working together is success.” The Meramec Regional Community Foundation offered up its assistance to help coordinate marketing efforts for three Phelps County non-profits participating in the inaugural Give Ozarks, a 24-hour online day of giving for non-profits associated with the Community Foundation of the Ozarks.

MRCF, as well as the nonprofits, recognized that resources and volunteers were limited, so by working together they could maximize their efforts... and they most surely did. Instead of competing for donations, they promoted each other’s causes, shared radio time, worked together on press releases and coordinated an event to draw attention to Give Ozarks.

When the day was done, each of the three—The Community Partnership, CASA of South Central Missouri and Ozark Actors Theatre—had exceeded their fund-raising goals, and together raised nearly \$38,000 to benefit causes in Phelps County. Working together most certainly was a success. That’s the spirit of the Meramec Region and its valuable volunteers. That is the good life.

MRPC Chairman's Message

T.R. Dudley, mayor of Potosi

As we join together to celebrate another successful year, I am heartened that the commitment to our mission of enhancing the quality of life for our residents continues unabated and the handiwork of MRPC is evident throughout the region.

Our communities are cleaner because of ongoing remediation and monitoring of illegal dumpsites and collection and recycling efforts.

We are healthier and safer due to grant funding for improved housing, sidewalks, walking trails, water and sewer infrastructure, police and fire protection and critical transportation needs. These endeavors include the construction or renovation of fire houses, senior centers, community centers, water and sewer plants, low and moderate income housing, roads, bridges and safe rooms at public schools.

Our region experiences greater socio-economic and cultural wealth through community and economic development projects, such as multimillion dollar Brewer Science complex in the industrial park at Rolla National Airport in Maries County. Additionally, our latest initiative, Naturally Meramec, brings together a diverse consortium of agriculture, artisan, tourism and culinary businesses to promote and market each other by highlighting the extraordinary products, craftsmanship and natural beauty of the region.

We also continue our strong and unified voice in the legislative process by prioritizing regional needs and working with our state and federal legislators to bring them to fruition.

I would be remiss if I didn't thank our collaborative funding partners, including the U.S. Economic Development Administration, the U.S. Department of Housing and Urban Development, the U.S. Department of Agriculture Rural Development, the U.S. Department of Transportation, the U.S. Department of Labor and Industrial Relations, the Delta Regional Authority, the Missouri Department of Economic Development, the Missouri Department of Natural Resources, the Missouri Department of Health and Senior Services,

the Missouri Department of Agriculture, the Missouri Department of Tourism, the Missouri Foundation for Health and the Missouri Department of Transportation. A special thanks to our organizational partners the Missouri Association of Councils of Government and the National Association of Development Organizations.

The strength of any organization is best exemplified by those directly involved. The dedicated staff of committed professionals at MRPC is phenomenal, always willing to accomplish any task in a timely manner to improve the quality of life in the region. Also, I can never say enough about the members of MRPC and wholeheartedly praise them at every opportunity. This organization makes regionalism the overarching factor in every decision making process. I am truly proud and honored to chair such an incredible and prestigious organization. It has been one of the highlights of my career.

In conclusion, I am reminded of a quote by cultural anthropologist Margaret Mead who famously said, "Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has."

MRPC's Story - Where there's a will, there's a way

1969-2015

What is MRPC?

Meramec Regional Planning Commission (MRPC) is a voluntary council of local governments. It is a place where community members and officials may come together as one organized, unified voice, solve common problems and create plans to enhance the region they share.

Today's organization is made up of eight counties, local governments and community members at-large. However, the organization had humble beginnings.

In the 1960s, communities recognized they needed to work together for a better future. Local elected officials requested Missouri Gov. Warren E. Hearnes approve a regional planning commis-

sion, as allowed by the 1965 State and Regional Planning and Community Development Act.

MRPC was signed into creation in 1969, and Hearnes described the concept as, "A means whereby municipalities and counties may work cooperatively to solve problems and to plan the future development of human, natural and economic resources of a region."

The commission was established, and for two years a group of the region's leaders, with goals and visions, met at the Cuba City Hall once a month. MRPC served six counties with no staff or office.

The first executive director was hired two years later, and the commission's first office was rented.

Fast-forward 43 years, MRPC is the largest rural commission, in terms of budget and staffing, of the 19 RPCs that maintain coverage statewide.

Through all the commission's growth, the concept Hearnes spoke of in 1969 has remained. However, the region is ever changing.

Two additional counties have joined the region and the population is growing, creating new and different challenges.

While many are comfortable, new-

The Meramec Region: United, Yet Diverse

The eight-county Meramec Region is home to 201,247 people and 36 communities, and all still possess a flavor of their ancestors.

In the northern reaches of Osage, Gasconade and part of Maries counties, the heavy influence of German immigrants is still evident today in the architecture, customs and penchant for organization. In the southern reaches of the region—primarily Dent, Crawford and part of Phelps counties—one still sees the heavy influence of English immigrants, who first called Kentucky and Tennessee home but then moved to the Ozarks when Kentucky and Tennessee became "too crowded."

These folks prided their individualism and independence and preferred minimal government influence. If they could accomplish it on their own, they would—and still do. The areas in between possess a mixture of Italian heritage in the wine-growing area around St. James and Rosati and a French connection in Washington County. These unique cultures add to the rich texture of the Meramec Region's cultural heritage.

While residents of the region value their heritage that makes each portion of the region distinct, Meramec Regional Planning Commission is a place where their governments can come together and work on shared problems and issues.

comers seek services found in urban areas. Our cities and counties constantly struggle to maintain the quality of life that sets the region apart from our urban neighbors, yet provide services that people expect.

That struggle has been compounded with additional state and federal mandates and limited financial resources, business closures and downsizing. Yet MRPC has provided and maintained continuous, comprehensive and coordinated planning, grant writing and administration services.

In 2014-15, the board grew to 63 members, including 14 ex-officio members, when the city of Richland was accepted into membership and the city of Morrison rejoined.

Each board member serves on one of three standing committees—operations, planning and

Missouri Gov. Warren E. Hearnes signs the proclamation creating MRPC in 1969.

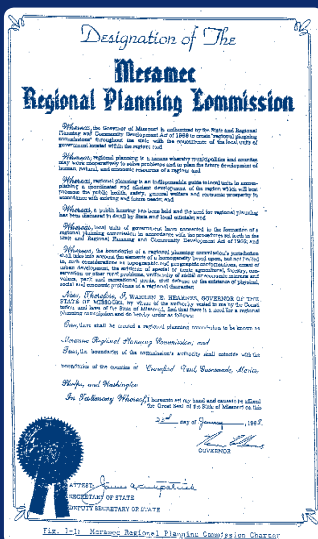

external relations/membership. The responsibilities of the three committees are outlined in MRPC's bylaws. The board determines the region's goals and objectives and employs a 25-member professional staff to carry them out.

Board members set aside their personal differences and political affiliations to work as a team, meeting the second

Thursday of every month, except July, for the betterment of the Meramec Region.

Every fall, MRPC organizes an annual dinner and awards ceremony, hosted by a community in the region, to award exceptional volunteerism.

MRPC will continue to stand and assist local member governments, just as it has done for the past 46 years.

MRPC's Mission

The mission of MRPC is to enhance the quality of life for residents of the Meramec Region.

In pursuit of this mission, MRPC will bring about results in these areas:

- Cleaner, healthier and safer communities,
- Greater socio-economic and cultural wealth through community and economic development, and
- A stronger, unified voice in the legislative process.

Year In Retrospect

2014 - 15

Throughout the year, cities and counties in the Meramec Region work with MRPC to bring new opportunities into their towns and cities that would otherwise be difficult to obtain. By aligning with its mission, MRPC is able to help communities maintain cleaner, healthier and safer communities; greater socio-economic and cultural wealth through community and economic development; and a stronger, unified voice in the legislative.

Cleaner, Healthier and Safer Communities

Improving the health and safety of our communities crosses departments at Meramec Regional Planning Commission.

In 2014-15, MRPC continued to serve as the administrator and fiscal agent for the Ozark Rivers Solid Waste Management District (ORSWMD), one of 13 solid waste districts in the state working to reduce the amount of waste landfilled.

ORSWMD awarded \$196,165 to 13 projects across its seven county area. Those projects,

with a January 2015 start date, included: Phelps County Commission Tough on Trash X, \$11,730; Waynesville R-VI School District Go Green Tiger Recycling III, \$20,000; Wallis Companies' Recycling Initiative, \$7,000; Maries County Commission Recycling for Environmental Excellence, \$6,842; Phelps County Commission Courthouse Recycling, \$6,542; MRPC's Household Hazardous Waste Collections in Rolla and St. Robert, \$32,625; MRPC's compost education program in schools, \$14,851; MRPC's Illegal dump cleanup program, \$20,096; MRPC's Special waste collections, \$22,086; MRPC's regional solid waste management plan update, \$21,483; MRPC community outreach and assistance, \$5,000; Dixon High School's The Choice is Yours-Waste It or Recycle It, \$5,100; and the city of Salem Recycling Program, \$22,808.

Staff continued to provide information to state legislators on proposed changes to the law governing solid waste districts and other recycling issues. Staff also completed a recycling rate study to ascertain the amount of trash that is being recycled.

Efforts to keep the region safe is ongoing with the Region I Homeland Security Oversight Committee (HSOC), chaired by Ron Smith of Rolla City Fire and Rescue. The committee continues to make tough funding decisions to ensure first responders in Region I have the necessary tools to deal with emergencies. Grants totaling \$106,494 were awarded between September 2014 and February 2015. The following grants were made: Sullivan Fire P.D. for a HAZMAT trailer, \$9,945 and two Motorola radios, \$10,403; Sullivan Fire P.D. for a HAZMAT decontamination shower, \$3,748 and a decontamination water heating system, \$2,885; and Rolla Fire and Rescue for search and rescue equipment, \$1,500.

MRPC works to protect our natural resources to ensure their continued availability. Water is a

County and city leaders meet for the Homeland Security Oversight Committee (HSOC) to discuss security needs in the region.

resource that is often taken for granted here in the Meramec Region because, for the most part, water is plentiful and clean.

There is a growing interest, due in part to issues in other parts of the United States, to take efforts now to ensure a clean and abundant water supply for the future as well as address some of the failures of the past.

A couple of years ago, MRPC staff worked with the Missouri Department of Natural Resources to gather stakeholder input on the Big River watershed. During FY 14-15, MRPC was approached by East-West Gateway Council of Governments to partner on an outreach and awareness project in the Meramec watershed. MRPC's role will be to ensure involvement of local elected officials and property owners in meetings to discuss best practices and major issues in the Meramec watershed. That work began in FY15-16.

MRPC continued to partner with the Central District Coalition for Roadway Safety to encourage the use of seatbelts and to discourage distracted driving. In partnership with Mag Roberts, a retired St. James educator known for her docudramas, MRPC hosted two docudrama/safety day training workshops for schools, law enforcement, EMS and others who were interested in developing docudramas in their communities.

Staff also participated in the back-to-school fairs, provided Buckle Buddy presentations and attended the Fort Leonard Wood Safety Day to promote safe driving habits.

Regional business owners and area representatives attended the Naturally Meramec meeting at MRPC to discuss how to market more than 600 businesses in the Meramec Region.

Greater socio-economic & cultural wealth through community and economic development

Community improvements often come with hefty price tags, and without the help of grants, such improvements are not possible in most cities and counties. MRPC staff is here to assist cities, counties and non-profits through the grant writing process as well as the administration of some of the projects. This year, MRPC's community development grant writing staff successfully prepared 25 new grant applications.

The largest project was a \$1.4 million grant, awarded by the U.S. Economic Development Administration to the Phelps County Regional Medical Center for a new parking lot to accommodate the Delbert Day Cancer Institute, now under construction. Staff also successfully prepared three Delta Regional Authority grants, two of which were for Meramec Community Enhancement Corp. One of those grants is helping implement the Certified Work Ready Communities action plans in Crawford, Dent, Phelps and Washington counties while the other is providing a portion of the funding for Naturally Meramec to establish a consortium of agri-tourism business. The final DRA grant is providing water and sewer improvements in Steelville to accommodate a new development.

Staff also assisted with MoDOT Transportation Alternatives Program grants that were funded for

Potosi, Vienna and Hermann and two grants to fund the mobility manager program. Other successful endeavors included a Community Development Block Grant for Phelps County to close a gap in the North Outer Road, a tree grant for the city of St. James, a scrap tire grant for the city of Salem and four Federal Land Access Program grants for Washington County .

Staff also administered as many as 34 grants and successfully closed out 14 projects by year-end.

While transportation dollars were limited, Area Engineer Preston Kramer and Executive Director Bonnie Prigge met with all eight county commissions to discuss transportation needs to update the regional needs, and the TAC—in December—prioritized those needs. The board continued to discuss funding options needed for the projects.

The Comprehensive Economic Development Strategy Committee continued to work on developing action plans and programs to address the needs of the region and to stay abreast of the economic environment. The CEDS is an important document for those requesting grants as most needs and projects must now be identified through and supported by a planning process; therefore the CEDs must be thorough, on target and comprehensive as its name suggests.

The availability of capital is critical to growing businesses, and MRPC and Meramec Regional Development Corp. saw increased interest in

business development in FY 14-15. New loans were added to the MRPC/MRDC portfolio, accounting for some \$1.4 million in loans. Together, the two organizations offer business loan funding through EDA Revolving Loan Funds, USDA Intermediary Re-lending Program (IRP), the DED Micro enterprise funding and the Small Business Administration (SBA) 504 program. Staff also serviced a portfolio of 11 RLF loans, 38 SBA 504 loans, eight IRPS and four micro-enterprise loans. Those loans combined totaled more than \$11.2 million, leveraged over \$50 million in bank and private investment and creating and/or retaining in excess of 2,000 jobs. Staff continued to package SBA 7(a) loans for banks and coordinate loan and business development training for businesses and bankers.

Staff continued to work with the Meramec Regional Community Foundation to encourage philanthropy in the region. As an affiliate of the Community Foundation of the Ozarks, MRCF helped establish giving funds, offered training opportunities for non-profits, coordinated the marketing efforts for three Phelps County non-profits participating in Give Ozarks and one school foundation who embarked on its first major scholarship fund-raising event.

The Community Partnership, CASA of South Central Missouri and Ozark Actors Theater worked together to encourage participation in Give Ozarks, a 24-hour, on-line day of giving. At the end of the day, the three jointly had raised nearly \$38,000 for their causes. The Maries

MRCF granted the Phelps County Humane Society a \$250 check on March 6 to help bring in new business.

During a Potosi Elementary School Safety Fair, Mag Roberts reads the story of Buckle Buddy, a dragon that promotes seatbelt, car seat and booster seat safety to children in per-kindergarten to second grades.

County R-2 Schools Foundation held its first Steak Night and Silent Auction to endow its community scholarship fund. In one evening, the group raised in excess of \$10,500 and secured another \$5,000 donation after the event. MRCF has 41 funds under its umbrella, valued at nearly \$700,000.

Maintaining safe and affordable housing is key to quality of life. This fiscal year, the Phelps County Public Housing Agency, which is administered by MRPC, provided \$2.8 million in housing assistance to an average of 677 households each month, through the HUD Housing Choice program. Program participants choose their own home. MRPC staff, through inspection, ensures that it is safe and affordable and pays the landlord directly. Staff performed over 1,400 housing inspections and 10 group briefings.

Community development staff continued to administer the Hermann Senior Housing Federal Home Loan Bank grant and the regional renovation grant, also through Federal Home Loan Bank.

A stronger, unified voice in the legislative process

Cities and counties that make up the Meramec Region have many commonalities, and what effects one, will most likely impact the majority. That is especially true of legislation. It is also important for cities and counties to be aware of proposed legislation so they can determine the impact on their jurisdiction.

It is equally critical that a town of 200 people has a voice in the legislative process, as the city of 200,000. MRPC's External Relations committee

monitors legislation throughout the year and keeps the membership apprised through various legislative updates from a variety of sources. MRPC also serves as the advocate—the unified voice—for its eight counties, 33 cities and more than 200,000 residents.

MRPC has an excellent rapport with the three state senators, 10 state representatives, two U.S. senators and three U.S. representatives that serve various parts of the region. In any given legislative session, MRPC provides ideas and makes input to ensure the rural perspective is considered.

MRPC speaks regionally on behalf of its members in the areas of transportation, economic development, health care/social services, education, environment and local governments issues. Each year, the MRPC board develops state and federal priorities reports.

State legislators were invited to discuss issues with MRPC board and staff members at the December 2014 meeting. A report to legislators at the state capital in January 2015. Likewise, the Meramec congressional delegation was invited to the January 2015 MRPC meeting to discuss federal issues.

Congressional staff liaisons usually attend that meeting. MRPC is a member of the National Association of Development Organizations (NADO), and each year, participates in NADO's legislative conference. In March 2015, Chairman T.R. Dudley and Assistant Director Tammy Snodgrass attended the conference in Washington, D.C., and visited with region's congressional leadership, hand-delivering MRPC's Federal Priorities report.

Congressional Staff liaisons attended the January MRPC meeting to discuss transportation issues.

Bonnie Prigge, MRPC executive director, met with Missouri Rep. Steve Lynch at 2015 Day at the Capitol.

Preliminary Revenue & Expenditure Report

For the year ending June 30, 2015

REVENUE SUMMARY

Agency Revenues	FY14-15 Revised Budget	Year to Date	Balance left in Budget

TOTAL AGENCY REVENUES OVER EXPENSES (\$54,310)

Making An IMPACT

Counties, cities and constituents in the Meramec Region benefit day-after-day by Meramec Regional Planning Commission's dedication to ensuring taxpayer dollars are spent as funding agencies intended. MRPC administers these dollars, which are spent to improve the lives of residents in the region.

Pass-through dollars are funds that go through MRPC directly into the region as local government grants, business loans and housing assistance, among other things. These dollars are tracked annually.

Pass-through dollars in FY2014-15 were \$8.23 million.

The impact of these dollars go much farther than the initial investment. Using a conservative multiplier of 2.5, MRPC had an economic impact valued at \$20.58 million in FY2014-15.

For every dollar MRPC spent (\$1,520,982) in FY2014-15, \$5.41 was brought into the Meramec Region for the benefit of its residents.

While not all of MRPC's operating dollars were spent in the region, a large portion of them were.

“For every dollar MRPC spent in FY2014-15, \$5.41 was brought into the region for the benefit of its residents.”

Personnel and fringe is MRPC's largest single expense at \$939,219, and all of MRPC's employees live in the region.

When you factor in MRPC's expenditures of \$1.52 million, the additional economic impact was \$3.8 million, for a total impact valued at \$24.37 million.

MRPC staff continually look for ways to bring more resources into the region. To do that, MRPC must know what a community's needs are. That is the start of a successful planning project. The cities and counties that comprise MRPC can be proud of their ability to work together. Such results make MRPC a valuable development tool.

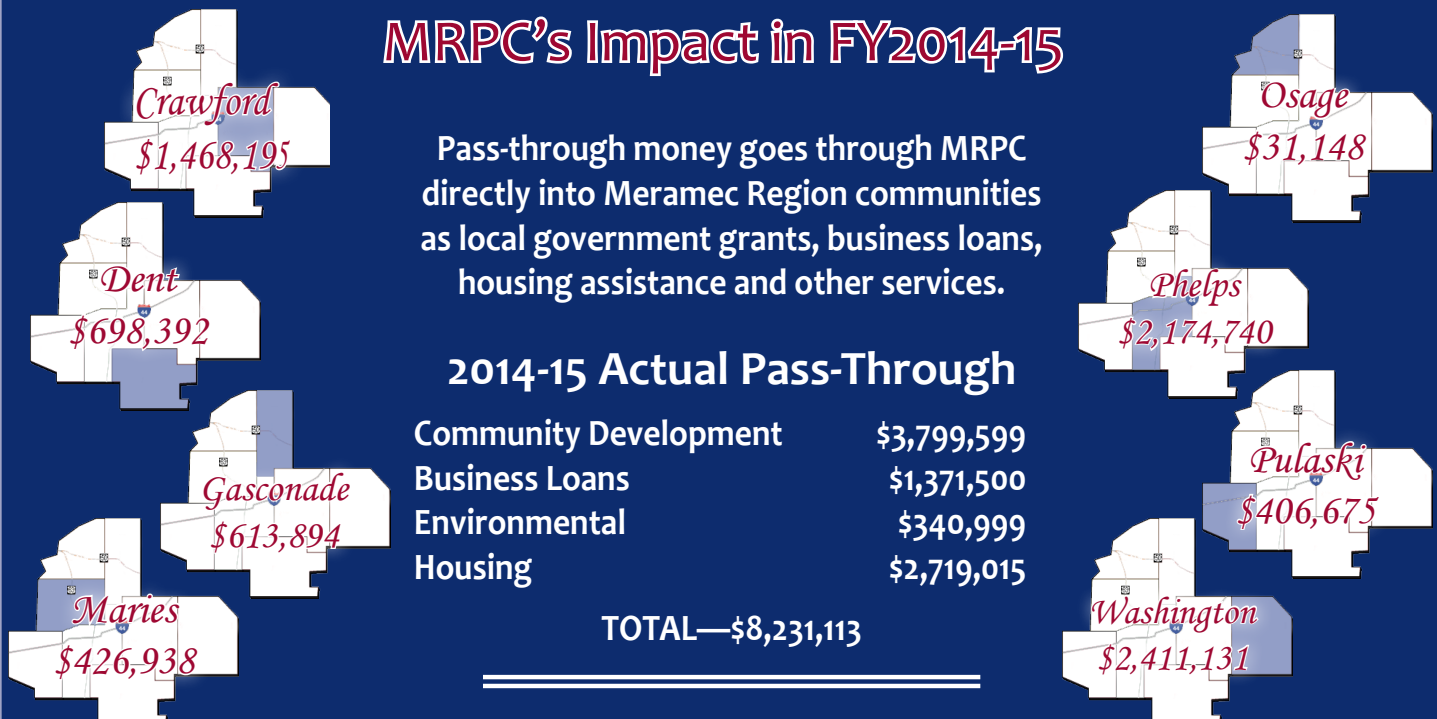

MRPC's Impact in FY2014-15

Pass-through money goes through MRPC directly into Meramec Region communities as local government grants, business loans, housing assistance and other services.

2014-15 Actual Pass-Through

Community Development	\$3,799,599
Business Loans	\$1,371,500
Environmental	\$340,999
Housing	\$2,719,015

TOTAL—\$8,231,113

List of Services

— July 1, 2014-June 30, 2015 —

Meramec Regional Planning Commission has compiled a list of major services, provided for communities and local governments within the region for fiscal year 2014/2015. MRPC is truly committed to making a difference.

REGION

- Provided \$2,805,052 in housing assistance to an average of 677 very low-income households per month in the Meramec Region through the U.S. Department of Housing and Urban Development (HUD) Housing Choice Voucher Program. This also includes the participants who have utilized their portability rights and have transferred out of our area and are still being assisted with our agency's funds. The MRPC also performed 1,404 unit inspections for the rental assistance programs and conducted 10 group housing briefing sessions at MRPC.

- Provided information on Community Development Block Grant competition and grant alerts for the

- Wal-Mart State Giving program, The Dale and Edna Walsh Foundation, Union Pacific Community-Based Grant Program, U.S. Department of Agriculture Rural Community Development Initiative,

- Crayola Invites Proposals From Elementary Schools for 2015 Creative Leadership Grants, Missouri Department of Economic Development CDBG Program Community Facilities, Missouri Department of Economic Development CDBG Program General Public Infrastructure, Missouri Department of Economic Development CDBG Program Water and Wastewater, FY2015 Land and Water Conservation Fund (LWCF) Missouri Department of Natural Resources, Recreational Trails Program Grant, Missouri Department of Economic Development Division of Energy and Royals Charities "Royalty Fields" Program, Missouri Housing Development Commission for the Emergency Solutions Grant NOFA, Missouri Department of Natural Resources Engineering Assistance, National Endowment for the Arts, Missouri Department of Natural Resources Wastewater Engineering, Missouri Department of Natural Resources State Historic grant, MFA Oil Foundation grants, Missouri Farm Bureau Foundation for Agriculture mini-grants for education, National Trust for Historic Preservation (NTPF), Missouri Department of

Agriculture Rural Broadband grants, Federal Emergency Management Agency Fire Prevention and Safety Grant, USDA Distance Learning & Telemedicine grant, FEMA Safer grant, Delta Regional Authority SEDAP grant, ArtPlace Innovation Grant, Missouri Department of Agriculture "Farm to School" grant, Federal Highways Federal Lands Access Program grants, and Missouri Department of Natural Resources Scrap Tire Playground material grants.

- Applied and received various Ozark Rivers Solid Waste Management District grants to assist with HHW collection at Rolla and St. Robert, illegal dump cleanup, special waste collections, compost education in schools and community outreach and assistance.

- Applied and received the Office of Administration grant, which allows Regional Planning Commissions to receive state financial assistance.

- Hosted Missouri Community Betterment regional meetings.

- Maintained an organizational website with information on MRPC and is part of a network of regional planning commissions across the state.

- Provided staff services for the Meramec Regional Emergency Planning Committee and updated the region's hazardous materials emergency management plan for the Missouri Emergency Response Commission.

- Advertised Community Right-to-Know information region wide on behalf of MREPC.

- Conducted a training needs survey for MREPC.

- Worked with Missouri Emergency Response Commission to promote and coordinate hazardous materials classes.

- Maintained portfolio of 11 Revolving Loan Fund projects, totaling \$517,244 leveraging more than \$19,027,426 million in private investment and creating more than 845 jobs in our region with the entire program.

- Maintained portfolio of 38 Small Business Administration 504 loans, totaling \$10,179,208, leveraging more

than \$31,796,687 million in private investment and creating more than 1,286 jobs in our region with the entire program.

- Maintained portfolio of eight Intermediary Relending Projects (IRP), totaling \$483,627, leveraging more than \$4,180,887 million in private investment and creating/retaining more than 102 jobs in our region.
- Maintained portfolio of four Micro Enterprise loan projects, totaling \$37,614, leveraging more than \$576,750 and creating and retaining 14 jobs in our region.
- Coordinated and provided meeting facilities for eight Meramec Regional Development Corporation (MRDC) meetings.
- Held annual dinner at Camp Mihaska near Bourbon on Nov. 13, 2014. Outstanding citizens were recognized at the annual dinner and later in the region's news media and MRPC publications.
- Provided photos to Annual Dinner volunteer award winners.
- Prepared Federal Priorities report and made annual trip to Washington, D.C. to carry regional concerns to our U.S. representatives and senators. Chair T.R. Dudley accompanied staff member Tammy Snodgrass on March 22-25, 2015.
- Prepared State Priorities report and made annual trip to Jefferson City on Jan. 27, 2015, to carry regional concerns to our state representatives and senators. Board members and staff participated.
- Executive Director served on the boards of the Missouri Association of Councils of Governments (MACOG), Missouri Local Technical Assistance Program (LTAP), MoDOT's Statewide Local Public Agency Advisory Committee, Missouri Federal Land Access Program Committee (FLAP), Community Partnership Audit Committee, Sustainable Ozarks Partnership Board, Meramec Regional Community Foundation and DNR's Geologic Mapping Advisory Committee. Served as chair of the Missouri Association of Council of Governments transportation committee.
- Served as administrator for the Gasconade Valley Enterprise Zone, 501 (C) 3 that coordinates the Enhanced Enterprise Zones in Maries, Gasconade and Osage counties, and assisted with fundraising.
- Continued to work with the Missouri Department of Transportation to gather local input on transporta-

tion needs and issues and provide staff support to the Transportation Advisory Committee, an advisory group serving as a liaison between local citizens and MRPC, including the coordination of six meetings.

- Maintained a multi-modal transportation stakeholders email list.

ENHANCED ENTERPRISE ZONE BOARDS:

There are nine EEZs in the Meramec Region and each is guided by a seven-member advisory board, as required by statute. Eligible businesses that locate or expand within an EEZ, create at least two jobs, invest \$100,000 and offer health insurance to employees may qualify for state tax credits and local property tax abatements on real property improvements.

2014 - Maries County Bank

Town & Country Bank 2014 Lender of the Year

Photo at right: Marla Stevenson (left), of Town and Country Bank's Rolla south location, accepted the 2014 Lender of the Year Award from MRDC Vice President Darlene Weber.

HONORING VOLUNTEERS 2014

Les Mizell of Cuba was honored with the Meramec Regional Planning Commission's highest volunteer award—the Eugene E. Northern award—during its 2014 Annual Dinner and Awards Program held Nov. 13, 2014, at Camp Mihaska Conference and Resort Center near Bourbon. Crawford County Presiding Commissioner Leo Sanders nominated Mizell for the award.

Each year, MRPC honors residents from Crawford, Dent, Gasconade, Maries, Osage, Phelps, Pulaski and Washington counties who have exhibited outstanding voluntarism and community service. MRPC also presents its highest honor, its annual Eugene E. Northern Award. The recipient of the award remains confidential until the announcement at the Annual Dinner.

Mizell serves as Crawford County's volunteer emergency management director. She is also the chaplain for the Cuba Fire Department and Tri-C Club. She serves on the boards of the Missouri Baptist Hospital at Sullivan and the Cuba Chamber of Commerce. She is active in the Cuba FFA and coordinates and organizes several local parades and programs.

Others honored included: Kris Richards of Potosi; Roger Pruett of Vichy; Chris Mathes of Salem; Faye Howard of Cuba; The City of Waynesville Animal Shelter Volunteers; Kenny Highley, a Cuba youth; Josiah Melzer, a Belle youth; Maddie McDonald, a Waynesville youth; Robert Layman, Crocker Public Works Superintendent and Carol Bennet Phelps County Clerk.

EUGENE E. NORTHERN AWARD RECIPIENTS

Eugene E. Northern was a judge in the 25th Circuit Court of Missouri. He practiced law in Rolla and served as Rolla city attorney for 20 years. Prior to becoming a judge, Northern served as mayor of Rolla in the 1960s and was a candidate for Congress in 1968. Judge Northern dedicated a lot of time to public service and went above and beyond the normal duties of the job.

As circuit judge, Northern established a juvenile division in the court system. His community contributions were directed toward young children, the law and law enforcement. He was dedicated to helping others. In 1983, by recognizing the late Judge Northern's efforts, the MRPC began a tradition of honoring an individual who possessed the commitment and dedication of Eugene E. Northern.

Circuit Judge Eugene E. Northern – (Posthumous) – 1983
 Jess Zink of Rolla – 1984

Building the Meramec Region together

Volunteers from across the Meramec Region were honored Nov. 13 during MRPC's Annual Dinner at Camp Mihaska near Bourbon. Recognized this year was, from left, Chris Mathes of Salem; Lesa Mizell of Cuba, who received the Eugene E. Northern award; Maddie Mitchell of Waynesville; Kenny Highley of Cuba, Sue Davidson representing the Waynesville Animal Shelter volunteers; Roger Pruett of Vichy, Josiah Melzer of Belle; Faye Howard of Cuba and Kris Richards of Potosi. Not pictured are Robert Laymen of Crocker and Carol Bennett of Phelps County.

MRPC Chairman T.R. Dudley (left) looked on while Crawford County Presiding Commissioner Leo Sanders (center) presented the 2014 Eugene E. Northern Award to his nominee, Lesa Mizell of Cuba.
